

YOUR VIRTUAL RECEPTIONIST

What is **Megha**

Megha is a fully automated application which enables you to create your very own virtual receptionist. You can choose your Megha number where your customers can call you anytime. Create customised greeting and select extensions to which calls get transferred. Complete flexibility in setting up the number of person in your team who can answer the call. You don't have to worry about investment in telephony and server infrastructure.

Benefits & Features

- ★ Project a big enterprise image
- ★ Never miss important calls
- ★ Voicemail and call recording
- ★ Robust reports suite
- ★ After - office hours setup

Wow!

How do I do this

Sign up, choose from multiple voices, check how your recordings sound, select your dial-in number and create your receptionist!
